AUG 29

Honorable William K. Reilly
Administrator, Environmental Protection Agency
401 M Street S.W.
Washington, D.C. 20460

Dear Mr. Reilly:

It has come to my attention that the Environmental Protection Agency is considering permitting the use in this country of a gasoline performance additive known as HiTEC 3000. The additive seems to play a substantial role in reducing NOx emissions from automobiles.

As air pollution is a major concern to my area, it is imperative that all options be thoroughly examined as quickly as possible. It is my hope that this additive be given prompt consideration by the Environmental Protection Agency.

Sincerely,

A handwritten signature in cursive script that reads "Jerome Van Sistine".

JEROME VAN SISTINE
State Senator
30th Senate District
